Our Legacy of Excellence

Celebrating 25 Years of Nurturing Young Minds

For over **25 years**, Mother's Pride Pre School has been a trusted partner in early childhood education, helping thousands of children build strong foundations for lifelong success.

3. About Us

* School History/Story

Twenty-five years ago, a simple question sparked a dream:

"Why should a child's first experience of school feel intimidating when it could feel magical?"

At a time when early education was often focused on routines and rules, a group of educators and parents imagined something different—a place where childhood would be cherished, curiosity would be celebrated, and every child would feel seen, heard, and loved.

They envisioned classrooms filled with laughter instead of pressure. Spaces where questions were encouraged, creativity was nurtured, and learning happened through exploration and discovery.

That dream became Mother's Pride.

What started as a small initiative to redefine early childhood education has grown into a trusted institution that has shaped the lives of thousands of children and families over the last 25 years.

Today, the vision remains unchanged: to create a place where children don't simply prepare for school—they learn to love learning itself.

* Mission & Vision

To create a world where every child feels valued, inspired, and empowered to become a confident learner, a creative thinker, and a compassionate global citizen.

We envision an educational experience that nurtures not only academic excellence but also kindness, resilience, independence, and a lifelong love for learning.

Seamless Transition to Primary School

At Mother's Pride, our responsibility doesn't end at preschool. Through our trusted school partnerships, we help families make a smooth and confident transition to Grade 1.

* Founder/Principal Message

Dear Parents,

Welcome to Mother's Pride Pre School.

For the past 25 years, our greatest purpose has been to create a place where children feel safe, loved, respected, and inspired to discover the world around them.

We understand that choosing a preschool is one of the most important decisions a family makes. It is the beginning of a child's educational journey and the foundation upon which future learning, confidence, and character are built.

At Mother's Pride, we see every child as capable, curious, and full of potential. Our role is not simply to teach, but to guide, encourage, and nurture each child as they grow into independent thinkers and compassionate individuals.

We are proud to offer a learning environment inspired by the Reggio Emilia philosophy, where children's voices are heard, their ideas are valued, and their natural curiosity drives meaningful learning experiences.

As educators and parents, we share the same dream—to see our children flourish. Together, let us create a future filled with confidence, creativity, kindness, and endless possibilities.

Thank you for trusting us with your child's earliest and most precious years.

With warmth and gratitude,

Managing Partner

Inderjit Ahluwalia

Managing Partner

Qualifications: Master's in Commerce | Montessori Teaching Diploma (Maria Montessori)

With over 25 years of dedicated service at Mother's Pride, Inderjit Ahluwalia has been instrumental in shaping the school's vision and nurturing generations of young learners. Her deep understanding of early childhood education, combined with specialized Montessori training, has helped create a learning environment where children are encouraged to explore, discover, and grow with confidence.

Driven by the belief that every child is unique and capable, she has spent the past two decades building a preschool culture centered on care, creativity, and holistic development. Her passion for early years education continues to inspire both educators and families, making Mother's Pride a trusted name in preschool education.

Mannat Ahluwalia

Managing Partner

Qualifications: B.A. in International Affairs & International Business, George Washington University

Mannat Ahluwalia brings a global perspective and a passion for innovative education to Mother's Pride. Before joining the school, she spent three years working in the field of education and peacebuilding, designing fellowship programs and educational initiatives across the African region to empower young leaders and strengthen access to learning opportunities.

At Mother's Pride, Mannat combines international educational insights with the school's 25-year legacy to create meaningful learning experiences for children. She has played an active role in strengthening the school's Reggio Emilia-inspired curriculum, introducing contemporary learning approaches, and fostering environments where curiosity, creativity, and critical thinking thrive.

Her vision is to prepare children not only for school, but for a rapidly changing world—by nurturing confident, compassionate, and lifelong learners.
